Hamlin Played A Good Part In Anson's Folk Festival Parade

A great many Hamlin people attended the street parade of the Anson Folk Festival last Friday afternoon. It was quite evident that it was Hamlin's day.

Next year Stamford will have the honor of choosing the Queen, and no doubt that city will feature the greatest in the fashioned event, that does so much to keep in memory's walls, the story of how people lived and got along in the pioneer days.

Anson people will make more and more of their unique entertainment as the years go by. It was clear that their parade was too long for the space allotted for it to travel, but there are many things that will be improved as experience is gained. Right here, the Herald will say that there is ONE person in Anson to whom belongs much credit for the start that the Folk Festival idea has gained thus far. Miss Lenora Barrett. She has put her whole soul into the idea and whether or not the mass of Anson people realize their possibilities, Miss Barrett has a vision that will live as long as the poems of Larry Chittenden may last. Pioneer days in Jones County were severe days, and with all the hardships, they had many compensating features. People were not hampered by too much pompous entertainment, and in those days everything was so free. Now it takes dollars to get anywhere or to see anything. It takes money to put on big complicated shows, and somebody must pay.

The parade took one back to the days of the covered wagon, the old surrey and its big family, to the old wagon with its spring seats filled with happy-go-lucky young people, the old fiddle and the square dance (a little similar to the old style).

Ye Herald man did not get to attend the Chittenden Ranch spectacle on Thursday night, but we did see the effort to put on the Pioneer Show in Anson's new athletic field. Say folks Anson has something there. A whole block or more in the very heart of town, with a newly sodded field, and seating capacity to hold (gosh how many). The show was hampered by a lack of lights, and many other things, like preparations, and a wet new grass field. In time all this will be remedied.

The ceremony of crowning the 1938 Jones County Queen was the climax. The Hamlin Queen, Miss Geneva Albritton and her duchesses and their escorts were samples of the modern folk. Pretty! Gosh yes! The scene was on the north side of "OUR" county capitol building. Fortunately there was a light cloud over that merciless sun about the hour of the crowning. That was a fortunate thing or else the heat of the hot brick paving with the sun boiling down on the "populace" would have been too much to enjoy.

LIONS TO STAGE DONKEY BALL GAME

This is an advance notice of Lion Gordon Bennett that the Hamlin Lions Club have contracted to play a "Donkey Base Ball Game" Thursday evening, August 4. This will be a night game, lights being erected as they were last year for the purpose, in the city park.

The game is played with a soft ball, but the batter or base runner must ride a trained donkey around the bases. All basemen and fielders with the exception of the pitcher and catcher will be mounted.

A challenge has been issued to several of the neighboring clubs and it is assumed that one of these will furnish the opposition for the local club.

No fielder is permitted to get off his donkey except to pick up the ball and he must mount again before throwing the ball.

The pitcher and catcher while unmounted are limited to zones so may be of little assistance to the basemen and fielders.

It will be a lot of fun and may show up some drug store cowboy who poses membership in the Lions Club.

SCHOOL TRANSFERS SHOULD BE LOOKED AFTER BEFORE AUG.

County Superintendent E. Earl Isbill has been informed by John Olsen, state director of school census, that the attorney general's office held that county superintendents do not have discretionary authority in refusing transfers.

This means that county superintendents must accept and approve transfers without judgment as to their validity.

If any person or board of trustees wishes to protest a transfer, this may be done before the county board of education. Protest must be filed within five days after the first day of August, and the board shall hear all protest prior to August 6.

Transfers are being accepted by the county superintendent until the first of August as provided by law.

W. E. Benson, Secretary of the Hamlin Chamber of Commerce, is taking in a school for Commercial Secretaries, in Dallas this week. It is called a "Clinic," and evidently it's a place where they go into the examination of their subject. He will return about Saturday.

Anson, lets 'festivate' in the Spring-time or the Fall-time, when the weather is more pleasant.

DEATH CLAIMS MRS. J. C. BAILEY

After several months of suffering, Mrs. J. C. Bailey was claimed by death at the home of her son, Ed Bailey of the Flat Top community, Saturday, July 16 at 5:12 P. M.

Mrs. Bailey and her husband had lived in the neighborhood about Hamlin for eighteen years, and when she became ill their home was near McCalley. They carried her to the home of Mr. and Mrs. Ed Bailey some weeks ago.

Mrs. Bailey was born in Boone County, Ark. on August 31, 1867 and was 70 years, 10 months and 15 days of age at death. She was married to J. C. Bailey in 1886 and her husband and eight children survive. The children are: Ed Bailey, Hamlin; W. H. Bailey, Grand Prairie; H. J. Bailey, Quitaque; O. F. Bailey, Kress; Mrs. J. R. Wheeler, Arlington; Mrs. Newel King, Harvey Bailey, and Mrs. Archie Faust of Hamlin. All of the children were present for the funeral except the son W. H. There are 26 grandchildren and two great grandchildren.

Mrs. Bailey was a faithful member of the Church of Christ in Hamlin and the funeral was conducted there Sunday afternoon at 3:00 o'clock, by a Minister from Abilene and Rev. Hanks, pastor of the local Methodist church.

Barrow funeral directors had charge of interment, which was in East Cemetery, Hamlin.

REVIVAL-SINGING SCHOOL AT UNION GOSPEL TABERNACLE

Beginning Thursday night the 28th, and running 10 days and nights.

The POPE TRIO of Anson, will have charge of the singing during the day, and the revival services each night.

Those that heard the Pope trio Sunday night were thrilled with their wonderful music.

FREE

This music course will be offered FREE by the good citizens of Hamlin, to everyone that will take advantage of this wonderful opportunity.

The revival will be on the high plane of Old Time Religion for everybody. Everyone urged to attend. DR. L. P. McCRARY.

Mrs. Q. Martin and son Mack and J. C. Bledsoe, and Mrs. W. L. Fletcher and children W. L. Jr., and Marylyn went to Fort Worth where they met W. L. Fletcher, National Treasurer of Rural Letter Carriers. Mr. Fletcher attended meetings in several of the Southern states the past three weeks.

Mrs. L. E. Farris, of Slaton, is visiting her sister, Mrs. Frank Johnson and family. Her husband died suddenly at their home near Slaton, June 30 with a heart attack. Mr. and Mrs. Farris formerly lived in Hamlin and have many friends here who will be sorry to learn of Mr. Farris death.

NOTICE

The City Council of the City of Hamlin, Texas, will hold a public hearing on the "BUDGET" of the City of Hamlin for the fiscal year beginning April 16, 1938 and ending April 15, 1939, at the City Hall, Monday, August 8, 1938, at 8:00 P. M.

J. B. EAKIN, City Secretary.

TO CALIFORNIA

Last Saturday morning H. A. McWright and Mr. and Mrs. O. G. Harvey and little daughter, Beverly Ann, left for California for a three weeks visit. Mr. McWright has a son in the Marines at San Diego and the Harveys are visiting relatives in Los Angeles.

COACHES PROVIDED FOR ATHLETICS

The coaching positions in the Hamlin High school are filled, so reports C. G. Green, superintendent of schools.

A contract has been completed with Jimmie Marshall for the head coaching job for next year. Coach Marshall comes to Hamlin from Stephenville where he was first assistant coach. Stephenville's record for last year is an enviable one as they piled up 237 points to their opponents 51.

Mr. Marshall is a graduate of the Comanche High school, and then attended Howard Payne college. He was graduated from there in 1937 with a B. A. degree, majoring in physical education and history. He lettered four years on the Howard Payne football team, playing the position of quarterback.

The Pied Pipers have been groping in the cellar in their district for several years now and it is hoped that Coach Marshall with the support of the school and town may find the way out.

He is to have as his assistant Louie A. Cure, a graduate from the Abilene Christine College. Coach Cure comes from Gilliland, Texas.

He has been in school the past few years and lettered on the A. C. C. squad the last three years. He was also a member of the Athletic and Student Councils in that institution. The school board feels they are very fortunate in securing the services of these two young men.

Mr. Marshall will take the place of Mr. E. T. Sealey, who resigned at the end of the last school year.

An abundance of material awaits the new coach and while most of it lacks experience, will likely shape up into a fairly successful season before the year is over. Only seven lettermen will return but they will be supplemented by some big boys from last year's junior and second team.

This year's team will be completely outfitted in new uniforms and equipment.

—GORDON BENNETT, Principal.

MIDDLETON BUILDS MODERN STATION

For several weeks the Herald has been waiting to see just what the building activity on South Central Avenue, the Middleton corner would develop into. It is clear now that within a few days more I. W. (B) Middleton will have one of the most modern service stations in Hamlin.

B Middleton has been on that corner since 1925, and is perhaps the oldest continuous service station man in Hamlin. His place has been the office headquarters for the Texas Oil Agency, operated till recently by B. L. Jones for a number of years. In building the new station, rooms were provided for the headquarters still of the Texas Company. The Middleton station will be a model of new beauty as well as a substantial structure. It is built of concrete, tile and plaster. It is set back to provide ample parking space while the car is being serviced. The newest pumps are installed, and the new building has a double wash and grease apartment.

TOLER TAKES JONES PLACE

B. L. Jones till recently was the Texas Company agent in Hamlin, but after getting lined up with the Federal Farm Loan Association of the county he has accepted a position as Secretary with headquarters in Anson. He sold his Texas Co. business to Holly Toler of Austin, a son-in-law of Dr. and Mrs. A. E. Pardue. Mr. Toler has been with a department of state in Austin. These young people have a welcome in Hamlin.

Cecil Evins who was with Mr. Jones in the oil business will likely remain with Mr. Toler for some time.

City Marshal Jack Miles and family returned last Friday from a good trip to his old home in Kentucky. Two weeks from Hamlin was about all they could take. They report a beautiful country all the way.

The first and best victory is to conquer self—Pluto.

GOOD RAINS HELP MOST OF COUNTY

What is better than a real rain along about July 20th, especially if the heat wave has been staying around 100 for two or three weeks?

Hamlin territory was blessed with a big rain ranging in some localities to several inches to mere showers in others, but on the whole a wonderful general moisture for crops all over the immediate section.

The rain at first seemed to form in a narrow cloud reaching southeast from the Hitson community towards Anson. It was raining on both ends, starting about 11:30 Wednesday morning. By noon the pour-down started in Hamlin and it was one of the biggest rains for the time this year. Immediately afternoon, farmers coming in reported not much rain north of town, not much south, but those in from the east said the fields in the territory from Hamlin to past Radium were like rivers.

Reports Thursday morning from Anson and other parts say one inch and more, and considering that a general cloud spread over the country for most of Wednesday afternoon, it is safe to say that most of the country got a fine crop season.

Did OUR Creek run? Sure it did. It runs after every little rain, and Wednesday they reported it bank full again. Well, so much for that. Fellows, who live in other parts of the world, interested in Hamlin, let us tell you the crop outlook is good about these "diggins," and so far the summer has not been too hot. Let 'er rain!

McCAULEY BASE BALL NEWS

One of the best base ball games seen in Hamlin in years was played in the Hamlin park last Wednesday when the McCauley Red Caps held the General Crude Oilers to a one and one score until the last of the eighth inning when the Oilers scored three runs to defeat the Red Caps by a score of four and one, there were only 14 hits during the game, the Oilers getting eight, the Red Caps collecting six.

Lefty Jones pitched for the Red Caps, fanning eleven of General Crudes best batters. In the box for the Oilers was Jennings and Courtney. Bunk Bradford hit one over the fence to get the only score for the Red Caps.

Saturday in Hamlin park, the Red Caps defeated Wise Chapel by a score of nine and eight.

Hitson and McCauley play Saturday in another league game.

ELECTION BOARD WILL BE ON SIDE MAIN STREET

When the Herald at first mentioned the location of the Election Returns Board for Saturday night, they City Marshal thought it could be arranged to hang somewhere on Main Street, but the Mayor informed us Thursday that the Council had decided that it would likely block traffic, and that it had better be hung on a side street. Therefore, you may expect to see the figures on a side street when you come down to see how your man came out Saturday night.

The telegraphic reports will come in each half hour from Dallas beginning about 8:00 P. M. Then they will be posted till midnight. By that time, unless the race is close, one can know how the various counties and cities went for the main state offices.

The county totals will be gathered by telephone and posted.

The cost of this service is borne by the business houses and a few farmers, who ask that they may help out in the expense.

There should be a great crowd in town that night. Maybe there will be a lot of music to take up the time between reports, can't tell yet about the music.

ERRORS IN AD

If there is any one thing that gets the goat of a newspaper it is that of letting an error pass in somebody's grocery or dry goods advertisement, or for that matter any kind of ads.

When you begin to juggle figures and words there are a thousand ways to make an error.

Now last week the Herald had the Clover Farm Store saying that the best California potatoes were offered 10 lbs. for 10 cents. That was all too much potatoes for too little money. It should have been 8 pounds for 19 cents. Also in the same ad we had 10 pounds of sugar for 40 cents when it should have been 49 cents.

When figures get to jumping around like flees sometimes an error WILL get by. Sorry! Yes, sir, we are.

Mr. and Mrs. McClelland, Mrs. Don Douglas, Mrs. Juanita Myers and little son, Charles, of Dallas, came this week to visit Mr. and Mrs. W. R. Wilkerson, Mr. and Mrs. J. C. Greenway, Mr. and Mrs. A. F. Dixon and other relatives.

THE LAST IS THE BEST

Speaking of speeches and politics, we heard one man on Hamlin's streets say that he thought the last man to speak was the best. They all promise everything and he had decided to vote for the last one he hears make an address. Not so bad, provided your vote hits the sound quality of tree.

FORT GRIFFIN FANDANGLE

Albany is starting something unique for their city. This week the Herald received an invitation to witness the "preview of the Fort Griffin Fandangle and Cavalcade of West Texas" at their School Stadium on the evening of Friday, July 26. They 'have something there.' Not many places have a Fort Griffin near by, and where is there a better place to have a "Fandangle" than in Albany? Depicting the progress or even the retrogression of a country is always interesting. In their "Cavalcade" we imagine that we can see

the stealthy Indians, the galloping buffalo, the fleet running antelope, the spread of prairie fires, the coming of the covered wagon accompanied by proud soldiers, the skirmish of battle, the old fort with a sporty young officer by the name of Lee sitting under the shade of a nearby cottonwood tree . . . imagination, where art thou?

THE GREATEST STUDY IS SELF AND GOVERNMENT

Here in this great free country of ours, the ever great study is government. There is always some debatable question. The best course to take is to study how to attain the best government.

We hear so many uncalled for expressions on election years. So many candidates, and so many people get into the habit of saying things that actually hurt in developing good government. It is too bad for a young man or woman to hear and hear over and over again that everything is in a mess, that everybody

who holds office is a crook, that everyone who would like to get an office was put out by crooks, that everybody is crooked but "me and my man." Why do all this? There is hardly a speck of truth in any such sayings. The greatest crime in a free country is unbridled talk from uninformed persons. It is hard for even the ones holding the records to be as well informed as they should be. It is ridiculous for one who knows but little or nothing to stand up and teach that things are this way and that way. That is NOT good government.

No one would say that citizens should not speak out when there is actually something wrong. All admit that nowhere in all the world is anything just perfect. Nothing that man meddles with can ever be perfect. Some people have various ways to arrive at the truth or the soundness of things. It takes thought, and liberal thought.

One thing certain, it is not wise for one to get too "het up" over somebody. You might be fooled. Pick out the best and it will be just about like yourself . . . filled with flaws, liable to warp, twist and split from too much humanity make-up. Learn to figure and if two and two does not make four, better not take it. So as we end another election campaign, lets keep in mind that when someone says things "are in a mess," ask him or her to name the thing and how he would fix it if he had his way. Talking of messes . . . it is an easy thing to make a mess when trying to clean up an imaginary one.

If in doubt "scratch" all or leave all.

TEDDY RAYE COON HONORED ON FIFTH BIRTHDAY

On Friday afternoon, July 15, Teddy Raye Coon was honored with a birthday party on his fifth birthday. Teddy Raye Coon and his friends reported a delightful time.

After the children had played several games, cake, ice cream and cookies were served the following little boys and girls: Fanny Belle O'Neal, Teddy Raye Coon, Charley Williams, Rose Marie Brady, Patsy June Smith, Dick Junior Coon, James Lee Brady, Elouise Williams, Billy Don O'Neal and Betty Faye Coon.

Other guests present were: Misses Dorothy Hines, Nancy O'Neal and Lois Brady, Mmes. J. W. Hines, W. A. O'Neal, T. T. Brady and Dick Coon.—(Contributed)

Mr. and Mrs. Martin McCain and their daughter, Miss Martie Jean of Corpus Christi, arrived Tuesday afternoon for a week's visit with their parents, Mr. and Mrs. D. O. Sauls, and friends of Hamlin. Recently Mr. and Mrs. McCain moved to Corpus Christi from Bryan. Mr. McCain is one of the State Banking examiners.

Miss Vera Berry, of Anson, has accepted a position in the Magee Beauty Shop, and started her work there this week. Miss Berry is a graduate of the Sellers Beauty School in Fort Worth and comes well recommended in her line of work.

If you would fall into any extreme, let it be on the side of gentleness.—Frances De Sales.

"I Want

MyDaddy"

Says 4 Month Old

BARBARA JEAN REYNOLDS

Daughter of Mr. and Mrs. Orville K. Reynolds of 920 Texas Street, Stamford, Texas.

Orville K. Reynolds is running against George O. Harrell for County Clerk of Jones County.

Mr. Reynolds says:—"I would like to acquaint you with the facts of this race. the present incumbent has served in this capacity for two terms and is asking for a third one.

"The man he beat was a good clerk but my opponent came out on this platform, that his family was a pioneer one and that it had been paying taxes in Jones county for nearly one-half a century, and that he was the first of that family to ask for a public remunerative office.

"I stand on that same platform. My family is a pioneer one and has been paying taxes in Jones county for quite awhile, and I am the first Reynolds to ask for public remunerative office.

"If a thing is good, pass it around, don't impose on one man too long.

"I have completed nearly three years of college work and have had four years teaching experience in your county, which I feel qualifies me for the important office of County Clerk, since it is a clerical work.

"A public office is a public trust and belongs to no individual, but the whole people, and it is their privilege to confer the honor upon whom they please. No man can claim it as a private right. The democratic party has ever been ready and anxious to honor a faithful officer with a second term, and this has become a well established precedent, but to advocate a longer tenure in office would tend to close the door of hope to many worthy men and women, who are struggling for promotion, and besides would establish an office trust of monopoly against the genius of our government and the best interest of a free people.

"Since the present incumbent has had it for two terms, the second without opposition, I feel justified in asking you to support me this time and then if I am worthy of a second term give it to me and I will not ask for a third term. In this connection I desire to sincerely thank my friends for their aid and encouragement in my candidacy and to assure every voter in the county that his support will be appreciated.

"With this I submit my claims to the consideration of the voters of Jones County."

Yours very truly,

Orville K. Reynolds

VOTE FOR C. V. TERRELL

FOR RAILROAD COMMISSIONER

We, the undersigned, citizens and
voters of Jones and Fisher Counties,
hereby endorse C. V. TERRELL for
re-election to the office of RAIL-
ROAD COMMISSIONER

In this connection, we submit: As
Chairman of the Railroad Commis-
sion, Mr. Terrell has been influen-

a certain young matron started
walking the floor. When he didn't
come after several minutes she tried
to rouse her husband and get him
to start out "looking," but about
that time the young man appeared;
and after the usual family discus-
sion, they all retired. Since that
time, the son has been trying to fig-
ure out a way to give his mother
some nice, soothing sleeping pow-
ders before he leaves. Have any
suggestions?

What young lady is trying in ev-
ery way possible to dress like, act
like and look like a certain popular
young woman, a recent bride, of
our fair city.

SALT IN WATER PREVENTS CRAMPS

If your work is such that it caus-
es excessive perspiration, add a
pinch of ordinary table salt to each
drink of water you take to help pre-
vent heat cramps. This is advised
by Dr. Geo. W. Cox, State Health
Officer, to prevent a possible in-
crease in the number of heat vic-
tims as the Texas thermometer hits
95 degrees and above.

Laborers, mechanics, farmers and
white collar workers whose work
causes them to sweat profusely, are
in danger of having their body salt
content become deficient with re-
sulting heat cramps or heat fag. Salt
is a prominent constituent of sweat;
the body may lose as high as 40 to
50 grams of salt during hot days.

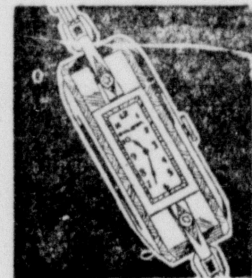

In industry, a method of prevent-
ing heat cramps is to take a tablet
of pure salt or a mixture of salt and
dextrose with each drink of water.
Workmen whose duties require mus-
cular exertion should be especially
careful to add more than the usual
amount of salt to what they eat
and drink.

Salt deficiency may be prevented
by taking salt in various ways.
Where prepared tablets are not
available, table salt may be added
to each drink of water. Milk is a
source of salt and will help to make
up for the deficiency caused by
sweating. Aleoholic drinks should be
avoided.

Heat cramp is characterized by
pains (cramps) in the abdominal
region, headache, and in severe
cases, by nausea and vomiting. The
body temperature remains about nor-
mal, likewise the pulse rate. Body
salt losses occur without the knowl-
edge of the individual until there is
a deficiency; then the abdominal
muscles begin to cramp. (State
Dept. of Health.)

Peak Climb Climaxes Truck Run

A rugged climax to a gruelling grind was this climb up Pikes Peak by the
Chevrolet Long Distance Safety and Dependability Run truck which has
covered more than 50,000 miles of the nation's highways since January 10.
The American Automobile Association sanctioned and observed run exceeded
by more than 20,000 miles any previous AAA observed test. The above photos
depict the ascent of the world's highest motor road. Upper left shows Stanley
Reed, official AAA observer who accompanied the truck on its record-shattering
run, recording a barometric reading. Upper right are the AAA officials who
certified all records of the climb. Lower right are Harry Hartz (left) and Louis
Unser. Hartz, widely known in auto racing circles, drove the truck over its
thousands of miles, while Unser, winner of the annual Pikes Peak climb the
past three years, was at the wheel of the truck as it descended. The two center
views illustrate typical road conditions. The truck conquered on the
12 1/2-mile push from the peak's base to the 14,000-foot summit.

STATUE FOR NEW YORK FAIR MALL

NEW YORK — Symbolizing mankind's control of nature, this large statue will have a prominent place on the \$60,000,000 Central Mall of the New York World's Fair 1939. Dozens of statues and murals will turn the

pages of history and portray in patriotic themes the rise of the United States to a commanding position in the world's affairs. Two other companion statues will make this group an imposing one.

Curiosa Americana

By Elmo Scott Watson

Official Safecracking

Forty years from now there's going to be an "official safecracking" in the United States Capitol at Washington. Thereby hangs the tale of a woman's dream of doing something for posterity and how it didn't work out as she had planned.

She was Mrs. C. F. Deihm and in 1876, when other Americans were looking back over 100 years of American history, she was looking forward a century. Her idea was to install a "centennial safe" in Memorial hall at the Philadelphia Centennial exposition to be filled with articles which would be interesting to Americans of 1976 when the safe would be officially opened. But chiefly her idea was to put in it great albums containing photographs and autographs of celebrities of the day. Also there was one large album with a blank space below the name of each person who wrote his name in it so that the direct lineal descendant of the signer might record his name below his ancestor's, when the safe was opened in 1976.

Mrs. Deihm sent leaves from this album throughout the country and gained concessions from the express companies to transport them free of charge. She received an endorsement of her idea from the chief justice of the United States and other high officials, who called upon all Americans for co-operation in the plan. But for some reason the idea was not received as enthusiastically as Mrs. Deihm had hoped. The safe was to have been locked up and sealed on December 31, 1876 but when the number of signatures in the albums was found to be far short of the number she desired, its closing was postponed time after time.

The scheduled "closing for 100 years" didn't take place until 1879. Then it was sent to Washington where she hoped to have it placed in the rotunda of the Capitol where its doors were to be closed with great ceremony and where it was to remain until 1976. The authorities, however, would not permit its installation in the rotunda but did allow it to be set up in one corner of Statuary hall, formerly the chamber of the house of representatives. Then the closing of the doors "with great ceremony" proved to be a disappointment. President Hayes, who was expected to be present, sent his secretary to represent him. Many other notables also failed to appear.

A short time later congress decided that this big iron safe was out of place in a hall devoted to statues of American notables and ordered its removal. So it was taken to the place where it now stands—a secluded spot under the great steps in the center of the east front of the Capitol. Thousands of tourists have passed within a few feet of it without ever seeing it or knowing its history.

Since that time the front has rusted and one of the two handles on the outer doors has been broken off. But it makes no difference, for no one remembers the combination to the safe, anyway. Moreover the key to the inner doors of plate glass has disappeared, no one knows where.

So that is why an "official safecracking" is due to take place in 1976. It will be the only way to open this treasure house of relics. Inside one of the outer doors is an inscription which reads "It is the wish of Mrs. Deihm that this safe may remain closed until 1976, to be opened by the Chief Magistrate of the United States." One wonders who that man will be and if he will fulfill her wish or disappoint her as President Hayes did.

Mall Structures At New York Fair To Break Records

NEW YORK (Special)—Not only will the New York World's Fair 1939 be the largest exposition in history, but it will have the most luxurious Central Mall ever designed, a mile-long walk to cost \$60,000,000, Grover A. Whalen, president of the Fair corporation, announces.

And, not only will the Mall be the most magnificent ever laid out, but it will contain a number of other "largest"—structures and works of art that have never been surpassed for size or elegance, he added.

In addition to the Trylon, tallest triangular spire ever raised, and the Perisphere, largest ball ever made by mankind, the Mall will form a setting for the largest portrait statue fashioned since the Egyptians hewed the likeness of Rameses II from rock in the land of the Nile. It will portray George Washington as he arrived for his inauguration exactly 150 years previous to the opening day of the Fair. It will be 65 feet tall and its mass will be more than 500 times that of an average six-foot man.

The tallest sundial ever erected, supported by a life-size tree sculptured by the celebrated Paul Manship, will actually tell time for Fair visitors, for the numerals denoting the hours of the day will be set in a huge, circular plot where the sundial's shadow will fall from 50 feet above.

More than a million plants and a thousand trees will be used in landscaping the Mall.

New York Fair To Honor Press

NEW YORK (Special)—To remind millions of visitors to the New York World's Fair 1939 that freedom of the press has helped preserve the democratic form of our government, a statue dedicated to that constitutional liberty will be erected on the \$60,000,000 Central Mall, Grover A. Whalen, president of the Fair corporation, announces.

The statue will depict a partially nude woman, representing "the unadorned truth," watching the passing show of world events and recording history day-by-day. A tribute to the moral standard of the press as a whole is contained in the subordinate figure of a child reading a newspaper.

Freedom of religion, speech and assembly will be combined with freedom of press to suggest that these four factors are the cornerstone of democratic government.

Amusement Zone Of New York Fair Biggest in History

NEW YORK (Special)—An amusement zone designed to accommodate at one time the entire population of cities the size of Akron, Atlanta, Birmingham, Dallas, Denver or St. Paul will greet the millions of visitors to the New York World's Fair 1939, Grover A. Whalen, president of the Fair corporation, announces.

By far the largest entertainment structure ever constructed, it will contain enough shows, devices, restaurants, villages, shaded rest spots, secondary streets and plazas to handle more than 250,000 fun-seekers.

One huge theater-restaurant alone will have seats for 5,000. Another music auditorium will seat 2,500. An amphitheater to contain huge crowds will be built by the state of New York at a cost of \$1,600,000; erected at the head of one of the lakes it will be the scene of operas, aquatic exhibitions, pageants and other extravaganzas.

The visitor to the Fair will walk about two miles merely to pass through the amusement section which will be laid out in the form of an oval loop with no "dead end" streets.

The 280-acre tract will be divided into at least thirteen villages or zones and every concession will conform in design and atmosphere to the particular zone in which it is located.

Freedom of Religion

NEW YORK—This chaste figure of a young girl lifting her face to the skies will be dedicated to freedom of religion in the "Four Freedom" statuary group on the Central Mall of the New York World's Fair 1939.

Part of a group known as "The Four Freedoms," the statue will depict a chaste, young girl, her face raised to the skies, holding a prayerbook in her hands. On the base of the statue, a number of churches of various denominations will signify that freedom of religion in this country is not confined to any one sect or creed.

Mrs. A. E. Pardue who had a major operation in a Temple hospital June 15, was able to return home today. She is up and can walk out the house. Dr. Pardue has been with her all the time and he is improving in health. Their Hamlin friends are happy to have her at home again.

Mrs. J. D. Greenway and little Don, of Pecos, came over last Sunday for the week with her parents, Mr. and Mrs. O. K. Wilson.

Mr. and Mrs. Ted Russell and Mr. and Mrs. Gerald Morgan returned from their trip to California. They claim they brought the rain, and it poured on them all the way from Ruidoso, Clovis, Lubbock to Hamlin. Think of it—too much water on the Hamlin-Rotan road to get through, hence via Roby.

Mr. and Mrs. Lonnie Gibson and children returned Friday from Corpus Christi where they visited relatives.

ROLAND L. DUNWODY

Candidate For

Tax Assessor - Collector

Served 4 years as Deputy in the Assessor's office before asking for the office; was elected Tax Assessor and held that office one term.

After the consolidation of the two offices (Assessor and Collector), he served two years as Deputy under Marvin Sosebee.

Has held the consolidated office 18 months; has familiarized himself with the duties and laws pertaining to the office and has tried to give courteous and efficient service to each tax payer.

He bases his campaign entirely upon qualifications and experience and will sincerely appreciate your vote and active support in the coming primary.

LICENSED PRACTITIONERS

Medical and Osteopathic Physicians are licensed to practice in every state in the United States. Naturopathic Physicians are licensed in a few states. CHIROPRACTORS are licensed in FORTY-TWO states in the United States. Texas is one of the six states which has no law for CHIROPRACTORS. "THEREFORE" when you visit a CHIROPRACTOR'S office look for his diploma, Class picture, Licenses from other states, etc. These are certificates of qualification of the Chiropractor to practice his profession.

In Texas there are many imposters who have not attended "CHIROPRACTIC" or any other drugless college. They learn a few tricks, call themselves "DOCTOR" and open up an office to practice on the unsuspecting public.

MARRIED

Tuesday morning at 10:00 o'clock, Miss Beulah Morris and Mr. H. Q. Evans were united in marriage in Anson, giving a surprise to their relatives and friends.

The bride is a daughter of "Babe" Morris of Hamlin and a niece of Mrs. Emma Kirtley of South Hamlin.

These young people will make Hamlin their home.

Mr. and Mrs. W. A. Huling, of Corpus Christi, and Mrs. W. S. Slator, of Commerce, came Monday to spend the rest of the summer with relatives in Hamlin. Mr. and Mrs. Huling were called to Aspermont a week ago to be with his brother, H. H. Huling who died Sunday afternoon.

Mr. and Mrs. J. E. Moody and daughter, Miss Mary Beth, left Thursday for the Ozark mountains for a two weeks outing.

TO THE VOTERS

OF PRECINCT NO. 1
JONES COUNTY

In making my last appeal to the voters of Commissioners Precinct No. 1 of Jones County, I wish to ask you that if six years ago "it was unfair and undemocratic to elect a man to a public office for more than two or three terms," is it not unfair and undemocratic today?

I have no political record to offer you, but if elected as your commissioner, I will serve you just as efficiently as you have been served in the past.

If you think it is time to change your County Commissioner, your vote will be greatly appreciated.

J. C. HARWELL,
Candidate for Commissioner Precinct No. 1.

CANDIDATE FOR RE-ELECTION

GEO. H. SHEPPARD of Nolan County Comptroller of the State of Texas

A good rule to follow in public as well as private business: When a man asks you for a job, demand to know his qualifications.

George H. Sheppard is asking you for re-election as your State Comptroller. His qualifications, as outlined by a non-partisan newspaper writer in an article several months ago: "Since Sheppard has held office, a variety of improvements have been made in his departments, resulting in increased collections of about \$10,000,000 a year."

In other words, had a less qualified man been your comptroller, the taxpayers would have been called on for an additional \$10,000,000 in taxes.

Born in McLennan County, George H. Sheppard was reared on a ranch in West Texas; was educated in the public schools; served as a teacher, as a tax assessor of Nolan County; as president of the State Tax Assessors Association; as mayor of Sweetwater; as a director of the West Texas Chamber of Commerce. He was called upon to serve as Comptroller during the darkest period that office ever has known when gross inefficiencies were revealed by a Legislative investigation.

Under his administration, the State Ad Valorem Tax rate has been reduced 28c on the \$100 valuation—yet state appropriations to the schools have been increased to the highest level in Texas' history. This has been possible by steadfastly holding to one aim in administering tax laws. There is but one equitable administration of taxes, and that is to collect for the state all that's due the state.

To continue this high record of efficiency, re-elect George H. Sheppard, of Sweetwater.

H. C. Howard, assistant regional manager of the Chevrolet Co., spent last Thursday night in Hamlin as a guest of Mr. and Mrs. Tom Williams. Tom says they entertained him in their back yard and the distinguished gentleman had to furnish the refreshments including ice cream and other things.

Mr. and Mrs. Jess Young and children left last Thursday for California. Their brother Wetsel Proctor lives in that state. They will be in Midway City and Seal Beach California.

McCAULEY MATTERS

By JOHN P. HARDESTY

The Baptist church revival begins Sunday, July 30, at 11 A. M. Rev. Clarence Dick, a former pastor, will do the preaching. Rev. P. D. O'Brien, who is to lead us in the meeting has been ordered by his physician to spend considerable time in bed and not hold any meetings during the summer. And while we are disappointed in not having Brother O'Brien with us we feel that we are very fortunate in having Brother Clarence Dick. We all know and love him. He will do us good. We sincerely hope we may have the co-operation of the entire community in this meeting. Our home forces will take care of the music, D. L. Smith, our choir director, will have charge, with Mrs. W. F. Davison and Bill Milsap at the pianos. The meeting will be held in the tabernacle.

A revival, conducted by this writer and assisted by D. L. Smith and Bill Milsap, will begin at Sweedonia next Sunday morning, July 24. Services will be held at night only during the week with services twice on Sundays. All friends within reach of Sweedonia are cordially urged to attend and help in this meeting.

Mrs. Dora DeWitt of Ft. Worth, Mrs. Annie Sullivan of Odell, sisters of Mrs. G. W. Moss and Fred Rosenbaum, and Miss Maxine Chapman, niece of Mrs. Jim Young, are visiting the Moss and Rosenbaum families.

Rev. J. R. Bateman, local Methodist pastor, is conducting a revival at Boyd Chapel, assisted by the Rev. Armstrong of Anson.

The D. L. Smiths visited relatives in San Angelo last week end.

Velma Lou Boyd, thirteen-year-old daughter of Mr. and Mrs. L. H. Boyd, who live two miles east of McCaulley, while playing near her home Tuesday, fell and broke both arms and fractured a hip. She was rushed to a Stamford hospital for treatment.

Mrs. J. C. Bailey, wife of J. C. Bailey, living three miles northeast of McCaulley, died last Saturday night at 10 o'clock. Funeral services were held Sunday afternoon with burial in Hamlin cemetery. We do not have full details. The entire community expresses its sympathy and condolence to the family.

Politics is red hot in this section now. Saturday will thin the candidates to two in a hill. Here's hoping the best man or woman win in every contest. Its a good time to keep the balance wheel on and functioning properly. After the dust settles we will still be neighbors and have to get along. Good advice whether we take it or not.

Rex Barnard, Church of Christ minister of Oklahoma, will begin a revival meeting Saturday night to run through July 30. Services at the tabernacle beginning Sunday.

Jewell Davison has returned from attending the summer term at N. T. S. T. C., Denton. She was accompanied home by Nell Ball, of Cleburne, who is visiting with her for some days.

William Rogers has returned from Hendrick Hospital, Abilene, where he underwent an operation for the removal of an infected eye. He is convalescing.

B. B. Gill has sold his residence to Burl Bunkley. He is also closing out his cafe and market, and will move to Mineral Wells, where he and Mrs. Gill will reside.

Mrs. Bill Wicker was rushed to a Hamlin hospital Tuesday night for treatment. However, she is back home now, and indications are that her illness is not as serious as first thought.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CAR-DUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardui, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.
